CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college is affiliated with Sant Gahira Guru Vishwavidyalaya Sarguja Ambikapur. The curriculum is designed and developed by the University, and the college implements this curriculum in several ways:

1. The college ensures effective delivery of the curriculum through a meticulously planned and documented process. At the start of each academic session, the Department of Higher Education of the Chhattisgarh government provides an academic calendar, which is subsequently distributed among the faculty members.

2. Each faculty member is responsible for creating a teaching plan that aligns with the academic calendar and meets the curriculum objectives. This teaching plan is executed throughout the academic year and is subject to periodic revisions as necessary. Faculty members document their daily teaching activities in a teaching diary, which is reviewed by the principal at the end of each

month, leading to recommendations for any required adjustments.

3. Monthly unit tests are administered by each department to assess student performance. These assessments help identify advanced learners and those who may require additional support. Remedial classes are organized for slow learners, and quarterly and half-yearly examinations are also conducted. The college library offers a variety of study materials to assist students in their academic pursuits.

4. At the conclusion of each academic year, the Internal Quality Assurance Cell (IQAC) gathers feedback regarding courses, programs, and teaching from all stakeholders. This feedback is analyzed and necessary actions are taken to facilitate continuous improvement.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The college maintains a permanent affiliation with Sant Gahira Guru Vishwavidyalaya Sarguja, located in Ambikapur. The academic calendar for the entire state is established by the Higher Education Department of the Chhattisgarh Government, and the college strictly follows this calendar.

Prior to the start of each academic year, the Internal Quality Assurance Cell (IQAC) develops the college's academic calendar in alignment with the calendar set forth by the Chhattisgarh Government's higher education department. Each academic year, an Internal Evaluation Committee is constituted to facilitate the effective implementation of Continuous Internal Evaluation (CIE) and to draft a preliminary schedule for CIE activities. The academic calendar prepared by the IQAC is made accessible on both the college's website and its notice board.

The Principal addresses newly admitted students to inform them about the various facilities available, as well as the rules, regulations, and examination-related procedures. Additionally, the

Principal regularly convenes meetings with different college committees to promote the efficient execution of both curricular and co-curricular activities.

The college employs an older annual examination system, which does not assign weight to internal assessments. Nevertheless, internal evaluations are consistently conducted, with faculty members organizing unit tests on a quarterly basis and half-yearly examinations. This approach enables the identification of both advanced and slow learners, with special classes arranged for those who require additional support.

Utilisation of college resources: In the college, practical copies are taken in physical form from the students of practical classes, due to which the hard cover of the file becomes useless after one year due to the file being submitted every year; to avoid its uselessness the hard cover of the previous year is returned to the students.

- c) Utilisation of college resources

Plastic Free Campus. We aim to measurably reduce plastic waste and pollution in our campus and the world around us. To achieve this we have undertaken following steps:

- a) Encourage all students to avoid bringing non-bio-degradable plastic items to the college.
- b) We encourage students to sensitize their respective households about the harmful effects of plastics and make their households also 'plastic-free'.
- c) We have installed necessary alternative facilities like water units to avoid the use of plastic water bottles, and encourage the use of alternative solutions like cloth bags, paper bags, etc, instead of plastic bottles, bags, cover, and other goods on campus.
